# 5000 SERIES BED

**NEW**

## **5 Function Hi-Low Bed Fully Electric**

Advanced Health Care Products is proud to introduce our New  
*5000 Series 5 Function Bed*

Our beds have been designed based on market feedback for the customer seeking safe, convenient and quality features in an economical package. The 8<sup>3/4</sup>" low height position minimizes the risk of injuries from falling out of the bed. The 5000 Series bed is optimal for long term care or home care settings.
